

How to name and share your Scratch project

When you have tested your project and are happy with it share it with us by using the following steps:

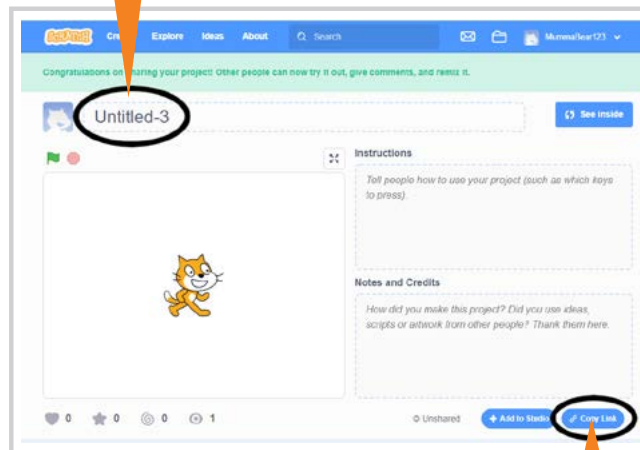

Step 1

Click on **SHARE** button at the top of the screen

Step 2

Name your project in the space where it says **Untitled**

Step 3

And then click on the button that says **Copy link**

Step 4

A box will come up like the one below. Click on the words **Copy Link** and then paste this link into an email to **info@schoolgen.co.nz**
